## UNOFFICIAL TRANSLATION II - TECHNICAL SPECIFICATIONS

### PURPOSE OF THIS TENDER

The purpose is to contract cleaning services in the Chancery and Sarmiento Buildings, property of the Embassy of the Argentine Republic in the United States of America, located at 1600 New Hampshire Ave. NW, Washington DC, 20009 and 1811 Q St, NW Washington, DC 20009, in accordance with the technical specifications and other documents that govern this Tender.

This Tender includes the provision of labor and all the elements necessary for the service to be completed and adequate for its purpose, in accordance with best practices, technical specifications and the documentation that governs this invitation to bid. If the technical specifications or documents of the Tender do not state all the work necessary to achieve the results or the elements required to complete them, the Contractor must carry them out and/or provide them, without the right to demand any additional compensation.

### GENERAL CONSIDERATIONS

The term for this service will be **6 MONTHS AND A HALF (6.5 months)**, counted from the **15 of February 2024 to August the 30<sup>th</sup> of August 30 2024**. (including Argentinian Holidays)

The Co-contractor may not subcontract, assign or transfer in any way the Contract and/or the provision of the cleaning services, unless this is authorized by the Client.

#### 1. PRECAUTIONS

Cleaning tasks will be carried out in a careful and thorough manner, in accordance with the “best practices” procedures in use. Care must be taken at all times.

Appropriate elements must be used for the different types of cleaning, with the specific products most appropriate for carrying out each task.

The diplomatic mission may require the Contracting Party to carry out laboratory tests at their own expense, in order to verify the performance of the cleaning products to be used.

Regarding the chemical products to be used to clean stairs, patios, access, walls and any other surface covered with calcareous marble, etc., they must first be approved by the official designated by the Embassy to inspect them before they are used.

Once approved, these products must not leave active residues that could harm the building components, either superficially or on the substrates. Therefore, they must be removed immediately so that they do not damage these components.

#### 2. CLEANING TEAM

The Co-contracting Party must submit the list of the employees assigned to these services, ensuring their suitability in the shifts indicated for each case, and using the appropriate equipment.

The employees and equipment must be what is required to comply with the objectives of the services established in these Specifications.

These lists must be updated any time there are changes to the original list of staff, and every time other employees join the team.

#### 3. UNIFORMS

All workers must use the same uniform, using adequate work clothes (overalls or similar clothes, with shoes adequate for cleaning or maintenance, shirts, pants and shoes to ensure the clean areas are maintained. Likewise, workers must be provided with all the necessary and adequate protection items to carry out their tasks, for example gloves, rubber boots, etc.

The uniforms must be spotlessly clean and without tears or patches, on each day the workers are carrying out cleaning services.

THE UNITED STATES OF AMERICA

#### **4. MACHINERY AND EQUIPMENT**

##### **4.1 GENERAL CHARACTERISTICS**

The Co-contracting Party must have all the elements required, in adequate operating and safety conditions for the tasks covered by the contract, as well as the products necessary to carry them out.

The machines and/or equipment to be used must be supplied with all the necessary accessories for the different types of work, and they must be in perfect working order; for example: vacuum cleaners with sweeping brushes, flexible tubes, nozzles for cleaning upholstery, carpets, corners or corners; polishers with bristle brushes and cloths. The Co-contracting Party must not use the outlets where fax machines, photocopiers, computers and any other electronic equipment are connected, or those that in spite of not having equipment connected to them, are assigned for that purpose. The outlets to be used for connecting the machines of the Co-contractor must remain in their same original connection conditions after the work is finished.

The bid offer must indicate the number and type of machines that will be used for the different cleaning tasks.

#### **5. SUPPLIES FOR DISPENSERS**

The Contracting Party will place the materials and supplies provided by the Embassy, in the corresponding dispensers, in all the bathrooms and kitchens, and place the products (such as toilet paper, paper towels, soaps, deodorant/air freshening products) in all the bathrooms, on the different floors, and/or sectors in which the cleaning services are carried out.

#### **6. STORAGE AND CHANGING PLACES**

##### **6.1 STORAGE AREA**

The Co-contracting Party will be assigned a storage area to store equipment, machines and work items.

The Co-contracting party must keep it tidy and apply the necessary security measures, taking into account that it will contain flammable or corrosive cleaning items.

##### **6.2 AREA FOR CHANGING CLOTHES**

The Co-contracting Party will be assigned one or more premises to be used as changing rooms, and its furnishings (clothes & coat racks, benches, etc.) will be the responsibility of the Co-contracting Party.

#### **7. CLEANING SERVICES**

Cleaning services will be carried out as often as required, according to the condition of the places and elements to be treated, or at the request of the person in charge of the Inspection process.
